

## SYED AHMER WAQAR

Member Advisory Board  
America Pakistan Business Development Forum (AMPABDF)

Syed Ahmer Waqar is a seasoned professional with an impressive background in project management and interior design. With over 20 years of experience, he has honed his skills through diverse roles and collaborations with various organizations and clients. He is currently the CEO of 'Blocks Studio,' an Architectural & Interior Designing company he established in 2007. His work has earned him recognition, awards, and accolades, showcasing his dedication and expertise.

Mr. Waqar's proficiency extends to multiple areas, including project management. He has effectively partnered with renowned organizations in Pakistan and international giants like Novartis (Switzerland), Abbot (USA), DSV Transport & Logistic (Denmark), Engro Polymer & Chemicals, Pakistan Telecommunication Company Limited, ICMA Pakistan, among others. His ability to collaborate with such prestigious entities highlights his reputation in the industry.

As an award-winning Architectural & interior designer specializing in both corporate and residential spaces, Mr. Waqar has a proven track record of creating functional and aesthetically appealing environments. His vision and creativity have led him to excel in transforming spaces to meet clients' unique needs and preferences.

Notably, Mr. Waqar's ambitions have taken him beyond Pakistan's borders. In 2022, he expanded his business to the USA and completed a successful project in Georgia-Atlanta. This achievement showcases his commitment to growth and his ability to adapt his expertise to new markets. His venture into the US market is reinforced by the opening of a new office, indicating his determination to provide architectural and interior design services to a wider audience.

In summary, Syed Ahmer Waqar's journey is marked by his proficiency in project management, interior design, and his ability to build strong relationships with clients and organizations. His years of experience, awards, and expansion into the international market reflect his dedication to excellence and innovation in the fields of architectural and interior design, as well as project management.
